

Invest in government-backed gold via the ASX

INVESTMENT OBJECTIVE

PMGOLD is designed to track the international price of gold in Australian dollars and offers investors a simple, low cost way to access the returns on gold.

PMGOLD trades like a regular share and is purchased via a stock broking account. Investments in PMGOLD are fully backed by physical bullion held by The Perth Mint, with metal stored on investors' behalf guaranteed by the Government of Western Australia.

PMGOLD units can be converted into gold holdings in a Perth Mint Depository account. Depository account holders can choose to take delivery of physical gold bars. Fees and charges apply.

WHY INVEST IN GOLD

Long Term Returns	Gold prices have risen by more than 8% per annum since PMGOLD was launched in 2003.
Diversification	Gold has typically performed strongly when other markets have declined and has traditionally helped balance an investment portfolio.
Inflation Hedge	Gold is a well recognised hedge against inflation, historically helping to protect investor purchasing power over the medium to long-term.
Risk Hedge	Gold has typically performed strongly in periods of financial market stress, making it a simple and effective hedge against market, geopolitical and event risk.
Currency	As PMGOLD tracks the international price of gold in AUD it can provide a form of currency diversification for Australian investors.

WHY PMGOLD

Government Guaranteed	PMGOLD is the only ASX-listed gold product which offers an explicit government guarantee on investor metal holdings.
Low Cost	PMGOLD is less than half the cost of similar products, with the lowest management fee of all products offering gold price exposure via the ASX.
Redeemable	PMGOLD can be converted to a Perth Mint Depository account holding, with Depository clients able to take physical delivery of gold in Australia, from as little as one troy ounce. Fees and charges apply.
Transparent	Set at 1/100th of a troy ounce of gold, the price of PMGOLD is easy to compare to live Perth Mint spot prices.
Highly Liquid	PMGOLD invests only in physical gold, one of the most liquid assets in the world.

ABOUT THE PERTH MINT

The Perth Mint is Australia's largest precious metals business, with annual turnover exceeding AUD 20 billion. We store physical metal worth more than AUD 6 billion on behalf of approximately 70,000 clients, ranging from individual investors and superannuation trustees, to central banks and sovereign wealth funds.

All metal deposits are underwritten by our owner, the Government of Western Australia, under the *Gold Corporation Act 1987*.

Founded in 1899, The Perth Mint refines approximately 80% of Australia's newly mined gold, which equates to approximately 8% of the world's gold production, and distributes products to over 130 countries each year.
